### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Lee on 4/12/07. The application has been amended as follows:

In claim 3 in line 1, the word "the" before the words "in-and-" has been deleted and replaced with the word -- an --. Therefore line 1 of claim 3 now reads: -- A device for controlling the direction of gas or air flow in an in-and- --.

In claim 4 in line 2, the word "the" before the phrase "in-and-out" has been deleted and replaced with the word -- an --. Therefore, line 2 of claim 4 now reads: -- atomizer positioned in an in-and-out breathing zone of a respirator having a patient side --.

In line 7 of claim 4, the word "patent" has been deleted and replaced with the word -- patient --. Line 7 of claim 4 now reads: --being located between said filter and said patient side end segment so that the patient --.

The following is an examiner's statement of reasons for allowance:

The overall combination of a device for controlling airflows in an in-and-out breathing zone of a respirator comprising a filter for filtering both inspiratory and expirator air; an aerosol producing atomizer between the filter and the patient end segment; and a by-pass valve means adjacent the atomizer for guiding air

through the atomizer as the air flows to the patient and for by-passing the atomizer as air flows in the other direction is neither anticipated nor rendered obvious by the prior art of record. Many systems can be found with the individual parts of the claimed invention, however the prior art does not teach the exact configuration of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
